

Thank you for agreeing to complete this log for your chosen course. Be sure to log your time for only the one course that you chose and indicate that course number at the top of the log page.

As you will see, the logs are broken down into hour-long segments. Above the time breakdowns, there are abbreviated tasks (please review the next page for a detailed description of the tasks and use this page as a key as you complete your log over the upcoming three days). Please indicate how much time you spent during each hour completing each of the tasks; rounding to the nearest five minutes (5, 10, 15...50, 55, 60 minutes). If you spent no time on a given activity, just leave the block blank. Please review the sample on this page.

When working on your chosen course, each time, throughout the three days, please document your time as you work rather than attempting to do after the fact from recollection. This will help to ensure accuracy.

Please send your logs back to Adam Dirksen no later than Friday, March 3 (before Spring Break) in Neff 230 (mailbox is in Neff 230L) or via e-mail. Please also let Adam Dirksen know of any questions, comments, or concerns at 481-6543 or at [dircksea@ipfw.edu](mailto:dircksea@ipfw.edu). Thank you for your time.

Sincerely,

Adam Dirksen  
 Department of Communication  
 Continuing Lecturer
